|----------|------------------------------------------------------------------------------------------------------------------------------|--------------------|-------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 01/23/26 | Found resources, made the website accessible.                                                                                | 3 hours            | IR RN KS TB SK JT |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
| 01/24/26 | Continued working on expanding the website navigation bar and finding additional resources                                   | 3 hours            | IR RN KS SK JT    | Made the website navigation bar look cleaner and also made them buttons that lead into different pages. Also worked on the pages and added different elements and functions to each page. We also continued our research on resources in Charlotte.                                                                                                                                                                                                                                     |
| 01/25/26 | Worked on the Website homepage, and added current resources into the directory. Continued research on Charlotte's resources. | 2 hours 30 mins    | IR RN KS SK       | <p>Made the directory have a drop down in the navigation bar, so that the user can navigate to different categories with more ease. Also continued working on the main page of the website, and made it more user friendly. We also bought a domain to host our website onto. We continued research on community resources to add to our website's directory.</p> <p>We also worked on receiving email subscription confirmation after submitting form to receive news on a website</p> |
| 1/30/26  | Continued to work on the website homepage and navigation bar, and finished researching resources                             | 3 hours            | IR RN KS SK       | Made the homepage look much cleaner with a clear navigation bar and animations on the buttons that will look appealing to users. We also added a search bar that users can clearly see to search for resources in Charlotte. We finished researching all the resources and will be adding them to the directory soon.                                                                                                                                                                   |
| 1/31/26  | Made some website appearance changes to look more appealing to the user, and also added more animations to the website       | 2 hours 30 minutes | IR JT             |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |

|        |                                                                                                                                     |         |                |  |
|--------|-------------------------------------------------------------------------------------------------------------------------------------|---------|----------------|--|
| 2/2/26 | Planned future website implementations, such as website layout, page layout, and additional visual themes to include in the website | 90 mins | IR SK JT TB    |  |
| 2/6/26 | Adtded final touches to the website for the regional deadline. This included references and images.                                 |         | IR SK TB RN KS |  |
